Nevada City Nugget

VOLUME 11, NUMBER 44 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER SEPTEMBER 17, 1928

NEW EQUIPMENT BEING INSTALLED BY THE NUGGET

With two important pieces of equipment for the modern newspaper a mat caster and a saw trimmer, now being shipped to The Nugget, this paper will be excellently equipped in its advertising department and equal to all the demands that can be made on it. The equipment is expected to be installed this month, and will be put into service on arrival.

Also included will be a complete advertising illustration service for all lines of business and which will be available to all advertisers without extra cost. The business of the paper has grown to such an extent that the new equipment was imperative to serve adequately its customers. No expense will be spared in adding new equipment as the business warrants until this paper has as fine a country shop as will be found in the state. New-type faces for the job department are being regularly added and a complete line of printing papers are carried in stock at all times.

This paper installed at the outset one of the finest type casting machines to be found in any newspaper office and at great expense. The generous reception accorded the paper since the very start has encouraged the publishers to continue adding equipment from time to time.

The circulation has been growing apace, 51 new subscribers being added in the three week period ending the first of last week and they are streaming in daily, which of course means added interest for the advertisers. A number of new advertisers are appearing each issue of the paper and at the present rate, the size of the paper will increase to eight pages regularly.

HIGH SCHOOL NEWS MAKES APPEARANCE

A new departure introduced to Nugget readers this week and which will be a regular feature of this paper during the school year, is the High School News, edited by English students of the Nevada City high school under the supervision of Miss Agnes Hoffman, instructor in English. While not carrying the status of a course in journalism, yet it will afford the English students an opportunity to learn article writing in its various phases as well as the different elements entering into the editing of the modern newspaper.

The staff is to be changed each two weeks, thus giving a large number of the pupils an opportunity to engage in the work. The present issue is edited by Miss Nancy Jones, Bill Rector, Gertrude Marriott and Jean Gleason.

A great deal of interest is already being shown in the new enterprise by the students and The Nugget is happy to cooperate.

NEW SUBSCRIPTIONS ARE COMING IN TO NUGGET

A great deal of interest is being taken in the present offer being made on new subscriptions to The Nugget. Nine month for one dollar is a liberal offer and is being largely taken advantage of in various sections of the territory covered tby his paper. The offer is but a temporary one and may be withdrawn at any time as soon as our objective is reached.

Any family now on the list may subscribe at this rate, the paper may be sent to any postoffice in California. Our list has been growing steadily ever since the paper was started and this offer is but a little stimulator to push our list well up over the one thousand mark at the present time and make it possible to issue a larger paper. The more subscriptions, the more advertising, the larger the paper.

After a visit of several weeks visiting her moers, Mrs. M. J. Reynolds, and other relatives in the state, Mrs. A. F. Low and son Walker, have returned home to Ogden, Utah.

MINING LOCATIONS ARE PLACED COUNTY RECORD

Frank Wesley Peteet and Elzina M. Wisler have located the Cherokee placer claim in the Columbia Hill lning District, SW¼SW¼, Sec. 1, T17N, R8E.

GOERING BONDS LOYAL PLACER MINING CLAIMS

The Loyal and East Loyal gravel claims, owned by Elwell Goering and formerly owned by E. D. Dean and located on Cement Hill in Selby Flat have been bonded the past few days to Charles Manker and Edward Nolan of Los Angeles, who have taken possession.

The new owners have already commenced work on the prpoerty and are making fine progress. They are sinking an incline into gravel channel which has proven values. It is planned to put up a mill before the winter sets in.

REESE TO VISIT THIS SECTION IN FEW WEEKS

Plans are rapidly going forward for the official visitation of David J. Reese of Ventura, the Grand High Priest of Royal Arch Masons of California, which will be staged at Colfax on Saturday evening, October 6th Siloam Chapter of that city acting as host on that occasion. The five chapters in Nevada and Placer counties are expected to send good delegations to greet the ranking head of Capitular Masonry in the state.

Mr. Reese will spend the day in and around Nevada City and will make a trip underground in one of the large mines to see at first hand how the gold bearing ore is wrested from Mother Earth. He has expressed a keen desire to get better acquainted with this section of the state, he having visited it in the past on lodge business.

ENGELBRIGHT HONORED IN HOO HOO SOCIETY

Among the many honors that have come to Congressman Harry L. Englebright since his constituency delegated him to represent them in legislative halls at Washington, one of the most cherished is the membership in the Concatenated Order of Hoo Hoo, the exclusive lumberman's organization. The Tom McCann Hoo Hoo Club No. 55 of McCloud elected him to honorary membership in the club which comprises over 100 leading citizens of that community inappreciation of the splendid work that Harry has done for the lumbering industry.

Mr. and Mrs. Ray Davis have as a guest his mother, Mrs. Theresa Davis of Los Angeles.

J. J. Fortier, asistant cashier of Nevada County bank, is home from a vacation spent in San Francisco and other bay cities.

Miss Elma Williams, daughter of Mr. and Mrs. J. K. Williams, has entered Merrit Hospital at Oakland to train for a nurse. She averaged high ratings in the local high school and this enabled her to enter over many other applicants.

Mr. and Mrs. Martin P. Reilly of the city visited here with her sisters, Mrs. C. F. Scheemer and Mrs. Delia McCauley.

The first meeting of the Womens' Civic Improvement Club was held last week in Elks Hall and a number of interesting matters were discussed. The sum of $150 was given the grammar and high school for the purpose of beautifuying the premises at each school. The matter of some of the unsightly spots in the business district particularly was brought up and will be brought to the attention of the city trustees. Nexa Monday evening a social session will be held at the home of Mrs. Charles W. Leiter. The club members are expected to dress in juvenile garb for the occasion.

Wendell Robie of Auburn was the principal speaker at the Tuesday meeting of the Lions Club. Vice President W. E. Wright presided.

E. R. Williams of North Bloomfield was in Nevada City Thursday.

A number of Nevada Citians attended the Nevada County Reunion held at Oakland last week.

YUBA COMPANY IS PREPARING TO PROTECT RIGHTS

That the Nevada Irrigation District may have its right questioned to divert any water at all from the Middle Yuba through the Milton tunnel is seen in the action being taken by the Yuba River Power Company to protect its recently granted water rights on the Middle and North Yuba rivers, which the District has seen fit to enter into litigation over on the advice of its former management.

The withdrawal from appropriation for one year of the waters of the Middle Yuba by the former state engineer, the late W. F. MClure, which benefitted the district filings nicely, is a point in the controversy and will doubtless be raised by the power company if the district decides to stick by its guns. The recent decision in Siskiyou county by Superior Judge Preston that an irrigation district, not being a riparian owner, could not divert waters, will have an important bearing in the present situation.

At the time the withdrawal order was made, the only filings made on the Middle Yuba waters were by the Yuba company. While the withdrawal order was on, the irrigation district filed on 75,000 ocre feet and afterwards an additional 50,000 acre feet. The former filing was permitted but the latter held up. The Haypress filings on the North Yuba by the district were never acted upon, and in the view of some of the state officials should never have been made by the district.

The Yuba company being very friendly to the mining interests as shown by its Bullards Bar dam which has done a great deal to resuscitate placer mining in Sierra county, has indicated its intention of contesting the irrigation district's proposed litgation and it is not unlikely that a situation will develop akin to that of the recent Bear river unpleasantry with the Pacific Gas as the Middle Yuba water and the Milton tunnel is an important cog in the district water collecting plan for diversion into Lake Spaulding. If its right to divert the Middle Yuba water is seriously contested, it will doubtless mean another impasse in the issuance of more bonds to pay off the pressing indebtedness and to take care of Placer county land owners.

Mrs. Will Fenton of Tom and Jerry mine at Quaker Hill, was a visitor here Thursday.

Miss Katie Kinkead, chief operator of our telephone exchange, attended a conference of company employees which was held in Sacramento.

Congressman Harry L. Englebright is home from a visit in the northern part of his district.

Jimmie Davis, who was knocked down and injured while attempting to get on an auto, is able to use his injured foot a little. He will be out of high school for a short time.

Miss Helen Wakeland has returned to her home in Santa Rosa after a visit here with Miss Florence Corcoran.

Mrs. W. G. Richards has as guests her brother and sister-in-law, Mr. and Mrs. Gluyas of Mexico. He is a former resident of Grass Valley.

Mr. and Mrs. Ben Irving and Miss Harriett Fyfe of San Francisco spent last week end visiting friends here.

E. M. Rector is ill at his home.

George Taylor of Downieville passed through here Thursday on his way to San Francisco to attend to busines affairs.

Mrs. C. O. Brown, who recently underwent a serious operation in a San Francisco hospital, has left it and is at the home of relatives in that city.

Congressman Harry L. Englebright addressed the Grass Valley Lions Club at their meeting last Thursday night and was given a hearty welcome.

C. E. Heron, prominent mining man of Downieville was in Nevada City Friday afternoon.

The first rain fall of the season came last Wednesday but the amount of precipitation was less than 1-10th of an inch. The mercury has been getting near the freezing point these evenings.

M. J. and J. P. Coughlan of North Columbia were in Nevada City Thursday.

KIRKPATRICK IS BEING OPENED FOR OPERATION

With the organizing of a million dollar corporation to exploit the rich gravel channels in the Kirkpatrick group of claims above Goodyears Bar, this famous property is expected to go shortly onto a large production basis. The gravel at present opened up ready for sluicing shows the same character as in the Saddle Back and Monte Christo properties which produced many millions in years gone by. The blue gravel channel has been located in the Kirkpatrick for the first time in eighteen years.

Pannings made in the present workings show an average value of a dollar a pan, seven pans taken at random showing a value of $6.80, while one pan taken from bedrock showed $12.40 value.

With the installation of gravel carrying machinery, a large sluice box system, the bringing of a direct electric power line from the Wisconsin mine and the repairing and rebuilding of the gravel mill, together with an ample water supply for year round use, should make for large time operations at the Kirkpatrick at an early date.

Superintendent Hugh Gallagher estimates that the real rich pay gravel is yet ahead of the drifting operations and he looks for heavier gold as the channel is opened up. The Kirkpatrick should easily become one of the leading gravel gold producers of the state when once fully under way. Much rich gravel was taken out in past years and a great deal of development work has been done in opening up new workings.

The new company to be known as the Kirkpatrick Mines will be incorporated for $1,000,000 and will be a close corporation with no stock on the market. Howard Loomis of San Francisco, prominent capitalist is to head the new company. A three quarter interest is held by State Treasurer Charles G. Johnson of Sacramento who has been the moving spirit in the enterprise for some time and has seen it through its present excellent condition ready for operations. Mr. Johnson has had great faith in the future of the Kirkpatrick since he became connected with it and has followed the development work closely.

Mrs. Melville M. Rosenberg of Healdsburg accompanied by Mr. Rosenberg and their daughter, Barbara, were Nevada City visitors on Admission Day and calling on old friends. Mrs. Rosenberg was a native of Nevada City, being the daughter of K. Caspar, who put in and operated the first hydro electric plant here. Mr. Rosenberg, who is one of the live wire boosters of Healdsburg, is a shoe merchant and enjoys a large patronage. They were callers at The Nugget office.

Miss Bernice Clemo, deputy county assessor, is on a visit in San Francisco.

Carlton Bennetts, medical student of U. C. Berkeley, is here visiting for a shrot time with his parents, Mr. and Mrs. R. J. Bennetts. He will leave shortly for Montreal, Canada, to enter Meyer University of Montreal.

John Borlace is spending the winter in Sacramento.

Mrs. Bessie Nickless had as guests her grandson, George Taylor and wife of Berkeley.

The announcement has come to this city that Miss Carqlie C. Sigourney of San Francisco was married September 12th. Her father is a native of this city and the family has often visited here.

Postmaser Ed M. Lewis of Marysville, a cousin of J. E. Colley, lost his life in Lake Almanor in Plumas county, when his boat capsized last Tuesday.

James Geach, Grass Valley carpenter, passed away last week as the reslut of a fall from a scaffolding on which he was at work.

The Methodist Ladies Aid met last Thursday at the home of Mrs. Bert Moody.

J. A. Casson is doing the repair work on the street paving about town at the present time. The Sacramento street cut and Clark street are being given an oil surfacing.

KIRBY THOMAS SAYS WESTERN MINES PLAN NEVADA BASIN TO BE FULFILLED

Eminent Mining Engineer in Exclusive Interview Says Large Operations Planned

That the ambitious plan of developing the rich gold mines of the Nevada Basin in the Nevada City district is to be brot to early fruition is seen in the exclusive interview given The Nugget Saturday by Kirby Thomas, the eminent mining engineer of New York, who is the consulting engineer for Eastern capitalists who have become interested in the venture.

Financing Is Arranged

According to Mr Thomas, the problem of financing the vast operations necessary has been arranged in New York. Certain legal complications which arose over some of the properties involved are now under process of adjustment in New York The money for the financing is said to be ready to go ahead as soon as the legal problems have been handled so that this important project can go ahead and the development plan carried out.

Last year a large amount of mining timbers were accumulated at the Central Consolidated plant for the purpose of extending the tunnel into the rich gold belt underlying Banner Mountain.

A. E. Foote is president of the Western Mines. Cons. and Louis Ball, secretary. It is understood that Charles Dow who has long been connected with the promotion of the project has let the control of the company pass into the hands of the financial group represented by Mr. Kirby.

KENNEBEC MINE TRAM HAS BEEN COMPLETED

The new surface tramway, 800 feet in length, has been completed at the Kennebec mine of the Paine Brothers at Lake City. It is to operate between the tunnel adit and the new mill being erected at a lower elevation. The Huntington mill has been hauled to the site and will be erected as soon as the site has been blasted out and the necessary buildings erected. The mill will be run by gas power.

Nearly all the equipment for operating the property is now on the ground and will be installed as fast as possible. The Kennebec is one of the likely prospects of the district and should with the known values on the properties dveelop into a large producer. It is being carefully and systematically opened up for production at an early date.

GERMAR BAR PROPERTY IS GIVEN AN INSPECTION

The German Bar mining property at Snow Point was inspected Saturday by Kirby Thomas, mining engineer of New York, who expressed himself as highly pleased with the looks of the property. Accompanying Mr. Thomas on the trip were H. J. Black mining man of San Francisco, Mrs. Thomas, and T. E. Stephens who has been developing the property snice its purchase from the Buck brothers last year.

BUCK STEW WILL BE HELD NEXT THURSDAY NIGHT

Nevada City Lodge of Elks initiated two candidates into the order at its meeting Friday night, the corps of officers doing their work under the leadership of Exalted Ruler Thomas W. Richards in a most impressive manner. The newly appointed District Deputy Grand Exalted Ruler, Philip G. Scadden was officially welcomed and escorted to a seat in the East.

With the announcement that there will be a buck stew served at the resumption of semi-monthly dinners next Thursday night, interest will be keen in what chief provider Horace A. Curnow will bring forth as a result of his prowess with the fowling piece loaned him by Sheriff Carter. It is rumored that some of the members taking pity on the denizens of the woods have staked out a bucque and will lead Curnow forth to the slaughter. Horatio announces that he will need but a single load to bring his quarry to the earth and that it won't be necessary to load up the stew with any of Dave Richard's mutton hanks.

The bowling alleys are being gotten in shape for the pin spilling artists and it is hoped to have them ready by Thursday night. The tournament was so successful last winter under the guidance of Robert E. Carr as chairman of the bowling committee that a great deal of interest is already being manifested.

Mrs. C. F. Scheemer and Miss Margery White, county health nurse, attended the Nevada County Reunion at Oakland last Sunday.

Guests at the home of Mr. and Mrs. W. B. Magonigal Thursday were Harry Leslie, Sr., of San Francisco, Mr. and Mrs. Harry Leslie, Jr., and daughter of Burlingame, Mrs. John Magonigal of Smartsville, and Miss Eleanor Sweetland of Yuba City.

Mr. and Mrs. Frank Merrill, former residents, recently celebrated their golden wedding anniversary at Sacramento where they are now living.

An option on the White Bear mine near Downieville has been taken by Ed Pugh and William Kane, who propose to open it up through the No. 3 tunnel.

The Pacific Gas and Electric Company has an attractive window display for a popular type of electric light globes. There is a community of attractive homes with the interiors lighted up.

BADGER HILL TENT CITY TO HOUSE THE MINERS

Badger Hill, once a mining camp of note, is once more assuming a busy appearance with a number of tents put up to house the workmen at the camp.

Things are booming at the Siberia property. Ten tons of machinery and supplies were taken up Friday to the property, including an air receiver, tank and water pipe.

W. D. Hill of Los Angeles, head of the Parnall Gold Mines, operating the Salmon property is expected up any time for an inspection of the mine.

BETTLES MAKES LARGE PROPERTY PURCHASE

Gordon M. Bettles, general manager of the Yellow Tiger Consolidated Mining Company which is taking over eth Ancho properties near Graniteville, has purchased the Solari residence properties on upper Nevada street and is contemplating the erection of a fine modern home in the spring. There are three residences on the site at present.

George L. Jones, a director of the United Security Bank and Trust Cmopany, made a short business trip to Long Beach and Los Angeles.

Sheriff George R. Carter is home from San Francisco, where he attendded to business affairs.

Marshal W. Gieselman, who is a pipe organ player of note, came up from Oakland with his cousin, Mrs. Mary Hicks, and spent the week end visiting Mrs. James Dillon. They returned home Tuesday.

The meeting of the Lions Club tomorrow will be somewhat informal and musical numbers will be featured. The entertainment committee promises something fine.

Mr. and Mrs. S. Lee Leiter are home from a pleasant visit around the bay region. They visited relatives and attended the Nevada County Reunion.

A grass fire in the Spenceville section Saturday nearly destroyed the Beyer brothers home property before it was brought under control.

COZY CORNER CHAT

THERE IS BUT ONE candidate for the honor of opposing an incumbent director of the irrigation district in the recall election to be staged next Saturday. There are rumors that the farm bureau wreckers are attempting a write-in campaign in Placer county in the hopes of pulling off some fast stuff to benefit the deposed management of the district. The wreckers were hard put to round up any candidates who wanted to try to land a job in the election. Their stuff is decidedly unpopular with the people generally and the expense they have saddled on the decrepit treasury of the district isn't making them any friends either. As soon as they will accept the dictum of the majority of the people that that they are out of place, out of step with progress and are only piling up useless trouble, the sooner things will settle down to normal and a calm survey of the situation can be made. The biggest thing that the farmers can do is to give a decisive majority to the present members of the board of directors of the district and effectually silence the boat rockers.

A GENUINE SIGH OF relief has been going up in Nevada county that the end of wiskerism is almost ended and that a safe, sane manner of handling the affairs in the irrigation district promises to obtain in the future. One of his last recommendations which he requested spread on the records of the district and which was merely a waste of perfectly good ink and effort as far as doing it was concerned, was the attempt to get into litigation with the Yuba River Power Company over the filings permitted by the state government with the sanction of the Federal Power Commission on the North and Middle Yuba rivers, to the power company which has been responsible for the resumption of placer mining in Sierra county behind Bullards Bar dam. The Yuba company is entitled to great credit for making placer mining possible again on a large scale and if the Narrows damsite matter is straightened out the same condition will apply in upper Nevada county. The Yuba company has always been friendly to the mining interest which is greatly to its credit and could well be imitated by the other power companies operating in the mining sections of California. The Bullards Bar dam has been worth a great deal to Sierra county. The district is not likely to get a great distance in going to court over the matter of the premits granted by the Water Resources Division and about the only one to benefit will be the district's legal department which has been an expensive function to maintain so far, and which has had numerous retainers from the district treasury. Last year the expense of conducting the legal department was over $13,000 if memory serves correctly and the amount is not likely to get any smaller if the district continues to embark on new litigation. There is no money to build new dams and new tunnels in a favorable event. The Placer county participants in the district are entitled to their water service at as early a date as possible The less litigation the district engages in from now on except to defend itself in actions brought against it the better off it will be financially.

THE ANNOUNCEMENT that The Nugget is installing a lot of new equipment to make for a better and larger paper should be conclusive evidence the publishers have great faith in the future of this community. The people generally are more than kindly in their attitude toward their home town paper which is now rounding out nearly two years of active service. You may not realize it but not a stamp mill was operating in this district when The Nugget was started. Today this district is getting attention all over the world for the renewed activity in gold mining whih is fast putting this camp on its feet again. The mining articles in The Nugget are being copied far and wide and requests are coming in continuously for copies of the paper which is the best evidence that it is being read. The Nugget has a definite campaign in mind—to put Nevada City in the front ranks again as a mining camp and a thoroughly prosperous community. The business men by advertising generously and by their job printing patronage can greatly help the paper in its ambitions. Every dollar spent with The Nugget will be put to work boosting for this section. Do your bit!

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

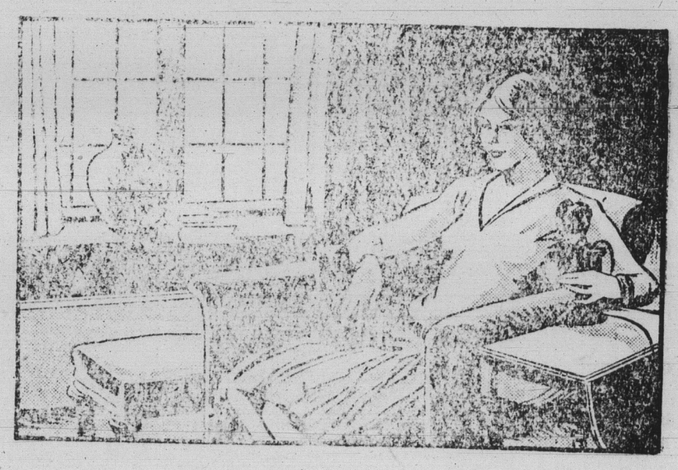
Phone Number One We Deliver



What is due the public

THE Bell System recognizes the public requirement for a constantly extending and improving telephone service. Last year 4 million telephones were either put in or moved. The number of local calls not completed on the first attempt was reduced by 5 per cent. The average time for handling toll and long distance calls was reduced from 2 minutes to 1½ minutes.

During the last five years the Bell System spent $1,800,000,000 on additions and improvements of its plant.

There is equally a public requirement for safety of principal and earnings of the stock of the American Telephone and Telegraph Company—the parent company of the Bell System. Since its incorporation in 1885 it has never missed paying a regular dividend to its stockholders, who now number more than 420,000.

The very nature of the telephone business necessitates a single interconnected system. The American Telephone and Telegraph Company accepts its responsibility for a nation-wide telephone service as a public trust. It is fundamental in the policy of the company that all earnings after regular dividends and a surplus for financial security be used to give more and better service to the public.

EDITORIAL

The Nevada City High School Student Body is very grateful to Mr. Willoughby for giving over two columns of his paper every week to the high school news. The townspeople will be given a chance to learn what is taking place at the high school, and thus interest will be promoted in the school activities. Also the pupils will be given an excellent opportunity to study journalism and to gain experience in writing.

The students themselves are to have charge of the columns. Every two weeks a new school staff will be appointed by Miss Hoffman. This staff will consist of an editor, and a reporter from each class. By changing every two weeks a large number of pupils will be given a chance to contribute to the columns. The pupils are taking a great deal of interest in the plan, and everyone is eager to do his best.

STUDENT BODY ELECTION

"What a fight" is the general opinion about the election of the studeent body officers, last Friday. Although only the public spirited members of the student body were represented on the voting list (the majority being too tight to dig up) the voting was very spirited, continuing through the noon hour.

The official result finally stood as follows: E. Sheahan, president; Bob Polglase, vice president; Gerald Larsen, secretary, Alberta Baker, treasurer.

ACCIDENT OCCURS

A second accident has resulted from boys "hitch-hiking" their way to school. On last Tuesday noon, Jim Davis, a freshman, fell as he was trying to get into a slowly moving car, and one of the wheels passed over his foot, severely bruising it. Luckily, no benes were broken, and Jim is now able to use his foot.

Last year, Bill Haddy was badly injured when he jumped off the running board of a car into the way of a truck. It is to be hoped that two such accidents will discourage the boys from catching rides.

Mr. Isensee says on the subject, "Such actions are frowned upon. Because of the fact that automobile drivers are responsible for passengers, as a precaution and a safety measure it certainly seems justifiable for people to refuse rides to high school students."

NEW TEACHER INTERVIEWS

Hillmen E. Kiorlie, who came into this world in 1899, first saw the light of day in the great state of North Dakota. He was graduated from the University of North Dakota, and came to our fair state for the first time in 1926. He immediately decided to remain in such a congenial atmosphere. After making this wise decision he applied for the greatly coveted position as instructor of the social sciences in N. C. H. S.

Ann Marie Whelan first entered this "Vale of Tears" in 1901. Having picked the state of Michigan as her birthplace, she hastened to correct this mistake by coming to California to take a post graduate course in our justly celebrated university. Incidentally, she was graduated from the University of Michigan. Her promising career has at last culminated in the greatly desired position as teacher of languages at N. C. H. S.

Thelma Leschinsky, who appeared for the first time in the city of Oakland, California, was able to take advantage of the proximity of the University of California. Having taught in several places she at last secured the much sought after position as mathematics teacher in at N. C. H. S.

NEW COURSES INTRODUCED

Two new subjects, chorus and junior business training, are being taught at the Nevada City high school this year.

Mr. Kjorlie, who conducts the chorus, expects that by the latter part of the year he will be able to present an operetta or a similar program. The boys' chorus will be double quartettes while the girls' will be a regular group chorus.

Junior business training, taught by Miss Taylor, is a prerequisite to any other commercial course, familiarizing the students with the fundamentals of the business world, before entering on the more advanced commercial courses.

GIRLS HOLD MEETING

The first meeting of the Girls' Association was held on September 7, in the room of Miss Leschinsky, the adviser. The following officers were elected: Bernice Eden, president; Thelma Boreham, vice president; Nancy Jones, secretary; Helen Chapman, treasurer; Alberta Baker and Nancy Jones, yell leaders. Ann Williams was elected chairman of the stunt committee. The girls expect to have parties, picnics, and many other activities during the year.

A hint to our principal—Why not get some bicarbonate of soda for the fire extinguisher?

We notice that the "Noon Pilgrimages" have started again.—Faculty please take note.

DEBATING SOCIETY FORMS

When the Nevada City high school joined the Central California Public Speaking League last year, debating was added to the activities of the school. The Student Body expects to take part in three debates this year. The first will be on November 2. The question to be debated is—"Resolved: That the canning-peach growers association should own and operate its own canneries." This question is being much discussed at present and will no doubt be very interesting.

On December 14th the debate will be—"Resolved: That the immigration law should be so changed as to place Mexico upon a similar basis with European countries," and on March 8—"Resolved: That the United States is justified in using armed intervention in Nicaragua."

Twelve students have signed for the first tryouts and sides have been assigned to them as follows:

Affirmative	Negative
Addison Janes,	Carroll Coughlan
George Noyes	Carl Murchie
Pierson Tuttle	Buddy Roberts
Lloyd White	Alberta Baker
Helen Chapman	Nancy Jones
Gertrude Marriott	Katherine Parsons

It is thought that the debates of last year were lost mainly because of poor presentation. This year Miss Hoffman, who is coaching the debaters, is planning to have plenty of practice in order to overcome that fault. It is hoped that with the experience acquired last year, the debaters will make a better showing in the coming debates than they did in the previous ones.

HONOR SOCIETY ORGANIZES

Nevada City High School's "Honor Society" is an active association consistng of those students showng the best returns from their studies To join this society it is necessary that the student have an average of ten points for the semester, "1's" counting three points and "2's", one.

The members of this society are: Addison Janes, Pierson Tuttle, Alberta Baker, Kathlyn Greenaway, Nancy Jones, Nadine Sutton, Florence Smart, and Elizabeth Thomas.

For this semester the following officers have been elected: Nancy Jones president; Addison Janes, vice president; Florence Smart, secretary, and Pierson Tuttle, treasurer The members of the "Honor Society" have selected Miss Ruth Taylor for their adviser.

At their next meeting they will discuss the giving of more attraction to better scholarships of the school and the entertaining of the Grass Valley honor society.

ALUMNI NOTES

Elzear Foley is attending the University of California at Berkeley where he successfully passed his Subject A and Physical Education examinations.

Elmer Marriott and Katherine McClish are attending Sacramento Junior College where they both passed their Subject A examinations.

George Hegarty, who is at present in Nevada City, expects to attend Junior College at Sacramento after Christmas.

Scott Rundy is attending the College of the Pacific at Stockton.

Erla Dadidson is attending business college in Richmond.

Hattie Huson has a position in Bakersfield.

Harry Stephens, Cameron Larsen, Lloyd Penrose and Walter Scadden are in Nevada City.

Howard Penrose has a position with the Forest Reserve.

Alice Marie Randall is attending Mount St. Mary's in Grass Valley.

Ruth Tamblyn is attending San Jose Teacher's College.

The Nevada City high school is "looking up." It has one new football, three new teachers, sundry test tubes and bunsen burners, a few new freshmen, and above all a new paint job.

JUNIOR CLASS NOTES

The junior class of this year met on Tuesday, September 4, to organize the class. Milton Masters was elected president, Ann Williams, vice president, Lena Ghidotti, secretary, and Vivian Cerro, treasurer. Mr Kjorlie was elected for class adviser.

A special meeting was called last Tuesday to decide on the amount of class dues and to elect student body executives. The dues are $1.50 a year.

Bill Rector and Dorothy Tamblyn were elected executives.

SOPHOMORE CLASS NOTES

A sophomore class meeting was held September 4 in Miss Taylor's room and the following class officers were elected:

Curtic Roberts, ...president
Cecelia Genasci, ...vice president
Evelyn Granholm, ... secretary
Lois Eden, ...treasurer

Lionel Davis and Bernice Coughlan were elected to represent the sophomore class in the Student Council.

On September first, Elizabeth Thomas went to the State Fair at Sacramento to take part in a spelling contest. Thirty high school students participated in the contest which was held in the Educational Building. In May 1926, Miss Thomas was winner in a contest staged by the Nevada county rural schools.

FRESHMAN CLASS NOTES

Miss Whelan, the freshman class adviser, called the first freshman meeting on September 6, for the purpose of electing officers for the coming year. The following were chosen: Bill Tamblyn, president; Carl Baker, vice president; Jack Rayner, sergeant-at-arms; Wilma Yost, secretary; and Gladys Clarke, treasurer. The freshman class expects to have a party soon, and have planned many activities for the coming year.

It is rumored that W. Rector escorted Miss Marriott to her home on Zion St. last Thursday evening. Daughter—watch your step!

It came as a distinct surprise to our angelic student body that a devastating conflagration desrtoyed a large structure in an adjoining lot.

Miss Leschinsky— Why does angle one equal angle two?

Slim—I never took algebra

Miss L.—How did you ever pass geometry?

Slim—I didn't.

The year's standard chemistry jokes are the definintions.

Mass—A large crowd.

Density—A large crowd in a small place.

The boss' office is turning into an identification bureau. A young Rogue's Gallery is to be seen on the desk.

There are fourteen nominees for student body offices and fifteen dues received. This gives the right to print fifteen ballots, and we of the staff have a rock-bound belief that one of the unprincipaled contenders for office intends to vote twice.

SENIOR CLASS NOTES

A meeting of the senior class was called last week by the class adviser, Miss Hoffman. The purpose of the meeting was the election of the class officers. Those elected were: Carroll Coughlan, president; Vera Toccalini, vice-president; Mary Jones, secretary; Donald Stevens, treasurer; Ernest Brisebill and Bernice Eden, executive committee representatives.

The freshman reception, which was supervised by the senior class, proved a source of delight to all who attended. From start to finish the affair was a howling success. The frosh produced the howls. A dance followed the initiation, music being furnished by the high school orchestra, which gave a creditable performance.

PRESENT SPANISH PLAYS

Under the new languages teacher, Miss Ann Whelan, the second year Spanish class plans to present a few of the one act plays that form a part of the Spanish course.

PERSONAL GLIMPSES

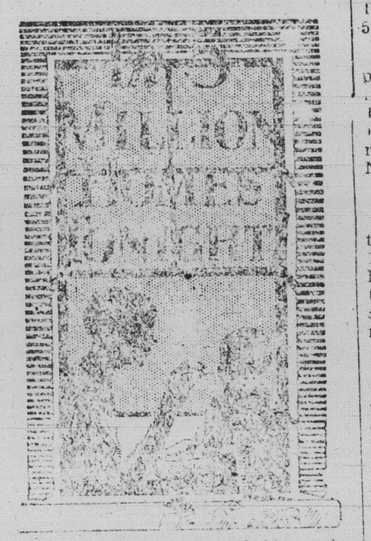
Some misanthrope filled with envy flooded the carbureter on the Chinese packard owner by Mr. Faegan, Esq., causing that worthy to be too late to partake of his usual noon day repast.

If any of this year' faculty is married and we don't know it, please speak up.

(We wonder if any of our present unmarried teachers are martimonially inclined?)

Our esteemed janitor has been singing his favorite song—"Get out and get under the Broom"— so much lately that it leads us to believe that well confirmed fallacy which is to the effect that he has been greatly rejuvenated through a method which he firmly refuses to divulge, believing, perhaps that the secret will bring him monetary return. Here's Luck!

The culprits who inhaled the vapor containing that deadly drug commonly called nicotine from tho slender paper tubes containing the weed made famous by Raleigh in front of that architectural triumph, that imposing edifice, which is recognizable to our readers as the domicile of our Herculean professor, had better lie low, as their pictures are already in the Rogue's Gallery.



There's peace in the household guarded by Castoria. Peaceful sleep for Baby; uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.
Parents, don't try to do without good old Castoria! It isn't fair to the baby and it makes things hard for you. You don't give Baby medicine meant for grown-ups—or should! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely a vegetable.* Give it whenever there's constipation, colic, diarrhea.
No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed and the drugstore is closed!

"Our Hank" will be relieved of all responsibility pertaining to the lawn for the next six months—thanks to about five thousand sheep that passed through last Thursday morning.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

HOW A TRUST FUND SAVINGS ACCOUNT FUNCTIONS

There is not a particle of difference between a Trust Fund Savings Account and an ordinary Savings Account as long as the owner of the account is living. It is only when the owner of the account is no longer interested in money, or after he is dead, that it takes on a different aspect.

Then the money in the account, if it is a Trust Fund Savings Account, does not go into the court, but may be paid to the person named when the Trust account is opened. But this beneficiary cannot touch the money, in fact may not know that he or she is the beneficiary, until after the death of its owner.

During your life time it operates the same as an ordinary account. You add to it or draw from it at will. It is subject to your signature alone, and draws the usual interest. Your orders with reference to it are strictly followed.

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word *genuine* printed in red? It isn't the genuine Bayer Aspirin without it! A drugstore always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

LOYALTON BANK WAS HELD UP LAST WEEK

Stanley H. Sherwood, cashier of the Sierra Valley Bank at Loyalton, was forced at the point of a revolver last Tuesday night to go from his home and open the bank where the bandit gathered up $650 in cash. After leaving town, Sherwood attempted to escape by running but was shot through the neck and shoulder and has been in a serious condition

Acting on clues furnished by Sherwood, Sheriff George Bynon of Sierra county arrested Tony Tomora and found the loot cached in his room. Tomora has been lodged in Downieville. The Loyalton bank was robbed in 1921 when two yeggs escaped with over $22,000 in cash.

William H. Friedhoff of the U. S. Forest Service came up from San Francisco last week to attend to business affairs pertaining to forest lands.

Mrs. C. J. Naffziger, a former resident, is here visiting with friends.

BYNON RESIDENCE AT BIRCHVILLE BURNED

FRENCH CORRAL, Sept. 15, (Special to The Nugget)— Well, here we are again! Altho our plans were interrupted last week and we failed to let you know what was going on, we can tell about it this week.

Last week was a very summery one in many ways, so much to look forward to, the big dance in San Juan for the S. J. R. W. A. and Admission Day.

During the week a Sunday school was organized at French Corral with Miss Barbara McMinn as leader and a very good attendance.

The Water Association meeting in San Juan was well attended by French Corral members. Our chairmanreported that the repair work along the flumes and ditches were progressing nicely and they hoped to finish in two weeks. Then we must work hard to pay our debts and that we shall certainly do.

M. Pantetzs representing the Roseville meat market, was here looking up beef cattle.

F. Coughlan, who was sojourning here for a while, went to Smartsville to visit his sister.

C. H. Rhodes representing Nevada County Building & Loan Association was a visitor twice during the week.

Miss Louise Moulton and B. M. McCullough made a trip to Sacramento to visit Miss Frances Moulton.

W. E. Moulton made a trip to Marysville.

A. Browning made a trip to Sacramento.

About 11:30 the night of the 3rd the alarm of fire went over the phone. The old Bynon house, an old landmark was burning. Volunteer help was soon on hand but too late to save the building. But they did good work in keeping the fire from spreading to the timber. A. Browning had bargained for the house with the view of tearing it down to rebuild on the old Moynier place. He had that day commenced work on it. It is too bad to see the old landmarks disappear.

One night during the week 3000 sheep belonging to Joseph Hartly of Wheatland found a fold on the hillside above French Corral. Mr. Hartley reported that shortage of feed in the mountains was the reason for bringing them out so early.

W. E. Moulton took delivery of 1500 gallons of gasoline during the week.

J. Frank, county supervisor, was a business visitor.

The postal inspector paid the French Corral office a visit during the week. As he always comes unheralded and unannounced, it behooves postmasters to always have things in order. Right here we must mention something that was told to us since his visit. After leaving this office he told another postmaster that "The French Corral postoffice was the best kept, fourth class post office in the state." What do you say to that! We got this information very straight and of course are always pleased with anything in praise of French Corral, but knowning our postmistress, we are not surprised at this compliment.

There was a happy reunion of the O'Conner family of Birchville when the wife and children of their brother John, who was electrocuted while in the employ of the Colgate Co. some years ago, together with sisters and cousins visited the old home. Alas how often sorrow follows in the wake of pleasure. The cloud of grief hung heavily over them when the sad news of the death of their niece, Miss Hazel O'Conner, came to them. In this sorrow we all share, for this beautiful girl was known to all of us and was of our own Nevada county although for some time she and her mother have been living in Philadelphia. Her parents have our very deepest sympathy.

Admission Day passed quietly altho it brought visitors from afar. All that we could do in celebration of the day was to see that our glorious stars and stripes were floating from our school house and from the lodgeroom of Columbia Parlor, No. 70, N. D. G. W.

The dance in San Juan Saturday night was surely a social and we have good reason to think a financial success. Two orchestras furnihed music for two halls were occupied, one for old style dancing and one for new style, and let us say they were occupied clear out to the sidewalk. Crowded! The old style dance seemed good to many of us and many a long forgotten time brought back happy memories to many hearts. Oh the days of youth. So care free, and so full of pleasure. A busy scene was going on in the refreshment hall where all were supplied with the best that could be given.

The Meyers family, Mr. and Mrs Calvin Meyers and daughters, Dolores, Dorothy, Helen and Lois, of Berkeley spent the weeks end with Mr. Meyer's father, Thomas Meyers of this place. The family resided in French Corral for some time and always like to came back.

Misses Marie and Gwen Allen and Harry Voorhes of San Francisco were visitors from Saturday until Monday. Miss Marie Allen has been teaching for several years in Fresno schools and has not visited the Ridge for 17 years. All her childhood and girlhood life was spent here and for many years she was on the staff of Nevada county teachers. She was much pleased with her visit and thinks we are going forward instead of backward and have made much progress in the right direction since she was here last.. Our good roads and many orchards planted out and the fine resort at Bridgeport. She attended the dance at San Juan Saturday night and saw the street lined with autos. She said she could hardly believe it, but she was in the city on some gala day. Miss Gwen Allen teaches in the city schools.

Miss Louise Moulton ,who is now teaching in North Bloomfield, spent the week-end with her parents in French Corral.

The Buck Bros. of Graniteville passed through here with a large drove of fine beef cattle one day this week.

We got ready for a good rain Tuesday night, but were only treated to a light shower. It did some good anyway in washing the dust off the trees and everything has a fresh appearance now.

Mrs. Browning was taken ill Tuesday evening and her husband took her to Nevada City for treatment.

Mr. and Mrs. Roy King, Mr. and Mrs. Davidson and Mrs. M. Mitchel of Grass Valley were visitors Wednesday.

School commenced here the 11th with Mrs. Elsie Schwartz as teacher. We feel that we are fortunate in keeping Mrs. Schwartz for teacher our children do so well under her instruction.

J. C. Bergan of Yuba county is here doing some mining.

Mrs. Sutherland visited Nevada City this week.

Clyde Browning was a week's end visitor. Clyde is attending high school and has been staying with his grandmother, Mrs. Annie Browning in Nevada City.

J. Frank of Rough and Ready was hauling hay to customers in French Corral this week.

There is prospects of some extensive placer mining going on on the river, in fact it is now in operation. J. Wolbert is in charge. It is on the river out near Lion's Den, a place well known to all French Corralites. More about this later.

Mrs. J. D. Morris is suffering from a fall she had Sunday morning. At first it was feared she had broken a rib, but as she is improving it is hoped that she will soon recover

PERSONAL MENTION

W. J. Burns, an attorney of Auburn, was in Nevada City early in the week.

Mr. and Mrs. Garfield Robson of Eerle, Yuba county, spent a few days here visiting friends.

Judge Raglan Tuttle went to Downieville Wednesday and held court for Judge Engs, who is holding court sessions in Southern California.

Sam McCullough, president of the San Juan Water Association, was in our city Tuesday looking after interests of the district.

Mr. and Mrs. Ben Bost had as visitors their daughter and son-in-law, Mr. and Mrs. Fred Walmsley of San Francisco.

Mr. and Mrs. Melvin Rosenberg and daughter, Miss Barbara, of San Francisco spent the week end here visiting friends.
